This section provides guidance for editorial teams on how to implement the policies listed in the *Cochrane Editorial and Publishing Policy Resource* plus policies or information specific to Editors involved in the preparation and publication of Cochrane Reviews and other Cochrane content.

**Appeals policy: editorial management**

- Appeals process
- Support resources (appeals)

**Assigning What’s New events to Cochrane Reviews**

- Authors using group name: Archie and RevMan guidance
- Joint first authors: assigning in RevMan
- Change in author affiliation: RevMan and Archie guidance
- Deceased authors: Implementation guidance
General editorial policies applicable throughout the preparation of articles before publication.

Authorship and contributorship

- Criteria for authorship
- Editors or editorial staff as authors of Cochrane Reviews from their Cochrane Review Group
- Changes in authorship
- Authors using a group name
- Joint first authors
- Change in author affiliation
- Deceased authors
- Changes to author name
- Changes to author contact details
- Authorship disputes

Conflicts of interest and Cochrane Reviews

- Policy: conflicts of interest and Cochrane Reviews
- Conflicts of interest declarations for Editorials

Defamation

Complaints procedure: Cochrane Library

Complimentary Cochrane Library access for Cochrane authors and Groups

Co-publication

- Policy and overview
- Arranging co-publication of a Cochrane Review
- Co-publication agreements with other journals
- Converting systematic reviews (non-Cochrane) to Cochrane Reviews
- Submitting abstracts to conferences
- Co-publication forms
- Reuse of published Cochrane content by Cochrane Groups

Copyrighted images: using in articles published in the CDSR
