

# How to annotate Mixed Methods Reviews

Annotate the **intervention** part of the mix (if there is one).

Example:

*Interventions to support the resilience and mental health of frontline health and social care professionals during and after a disease outbreak, epidemic or pandemic: a mixed methods systematic review (CD013779)*

	Objectives	Description
1	Objective 1	to assess the effects of interventions aimed at supporting the resilience and mental health of frontline health and social care professionals during and after a disease outbreak, epidemic or pandemic.
