

# List of published English podcasts

List of podcasts published in English since January 2016

| CD                       | Title                                                                                                                                                                        | Published on  | Review Group                                    | URL (based on DOI)                                                                                                                              |
|--------------------------|------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|---------------|-------------------------------------------------|-------------------------------------------------------------------------------------------------------------------------------------------------|
| CD 013 303               | What are the benefits and risks of health literacy interventions for migrants?                                                                                               | 18 /Apr /2024 | Consumers and Communication                     | <a href="https://www.cochrane.org/podcasts/10.1002/14651858.CD013303.pub2">https://www.cochrane.org/podcasts/10.1002/14651858.CD013303.pub2</a> |
| CD 008 634               | Can psychosocial interventions reduce antipsychotic medication in care home residents?                                                                                       | 11 /Apr /2024 | Dementia and Cognitive Improvement              | <a href="https://www.cochrane.org/podcasts/10.1002/14651858.CD008634.pub3">https://www.cochrane.org/podcasts/10.1002/14651858.CD008634.pub3</a> |
| CD 013 730               | What are the benefits and risks of different corticosteroid treatments delivered intravenously for the prevention of bronchopulmonary dysplasia in infants born prematurely? | 03 /Apr /2024 | Neonatal                                        | <a href="https://www.cochrane.org/podcasts/10.1002/14651858.CD013730.pub2">https://www.cochrane.org/podcasts/10.1002/14651858.CD013730.pub2</a> |
| CD 007 491<br>CD 014 765 | Admission avoidance hospital at home                                                                                                                                         | 27 /Mar /2024 | Effective Practice and Organisation of Care     | <a href="https://www.cochrane.org/podcasts/10.1002/14651858.CD014765.pub2">https://www.cochrane.org/podcasts/10.1002/14651858.CD014765.pub2</a> |
| CD 008 145               | Interventions that will increase and sustain the uptake of vaccines in low- and middle-income countries                                                                      | 27 /Mar /2024 | Effective Practice and Organisation of Care     | <a href="https://www.cochrane.org/podcasts/10.1002/14651858.CD008145.pub4">https://www.cochrane.org/podcasts/10.1002/14651858.CD008145.pub4</a> |
| CD 007 044               | Is shock wave treatment better than surgical procedures for removing kidney stones?                                                                                          | 27 /Mar /2024 | Urology                                         | <a href="https://www.cochrane.org/podcasts/10.1002/14651858.CD007044.pub4">https://www.cochrane.org/podcasts/10.1002/14651858.CD007044.pub4</a> |
| CD 012 967               | Is alpha-lipoic acid (a natural antioxidant) better than no treatment or dummy treatment for nerve damage in people with diabetes?                                           | 15 /Mar /2024 | Neuromuscular                                   | <a href="https://www.cochrane.org/podcasts/10.1002/14651858.CD012967.pub2">https://www.cochrane.org/podcasts/10.1002/14651858.CD012967.pub2</a> |
| CD 012 079               | Should transvaginal mesh, biological grafts, or native tissue be utilised to repair vaginal prolapse?                                                                        | 13 /Mar /2024 | Gynaecology and Fertility                       | <a href="https://www.cochrane.org/podcasts/10.1002/14651858.CD012079.pub2">https://www.cochrane.org/podcasts/10.1002/14651858.CD012079.pub2</a> |
| CD 013 472               | Can music and vocal interventions benefit preterm infants and their parents?                                                                                                 | 13 /Mar /2024 | Neonatal                                        | <a href="https://www.cochrane.org/podcasts/10.1002/14651858.CD013472.pub2">https://www.cochrane.org/podcasts/10.1002/14651858.CD013472.pub2</a> |
| CD 014 763               | Comparing two methods of wound closure in stoma reversal: purse-string closure versus linear skin closure                                                                    | 12 /Mar /2024 | Colorectal                                      | <a href="https://www.cochrane.org/podcasts/10.1002/14651858.CD014763.pub2">https://www.cochrane.org/podcasts/10.1002/14651858.CD014763.pub2</a> |
| CD 000 219               | Antibiotics for acute middle ear infection (acute otitis media) in children                                                                                                  | 12 /Mar /2024 | Acute Respiratory Infections                    | <a href="https://www.cochrane.org/podcasts/10.1002/14651858.CD000219.pub5">https://www.cochrane.org/podcasts/10.1002/14651858.CD000219.pub5</a> |
| CD 013 789               | Are population-based interventions (those aimed at entire communities rather than individuals) helpful in preventing falls and fall-related injuries in older people?        | 11 /Mar /2024 | Bone, Joint and Muscle Trauma                   | <a href="https://www.cochrane.org/podcasts/10.1002/14651858.CD013789.pub2">https://www.cochrane.org/podcasts/10.1002/14651858.CD013789.pub2</a> |
| CD 013 295               | What is the best medication to stop bleeding in those having non-emergency hip or knee surgery?                                                                              | 07 /Mar /2024 | Injuries                                        | <a href="https://www.cochrane.org/podcasts/10.1002/14651858.CD013295.pub2">https://www.cochrane.org/podcasts/10.1002/14651858.CD013295.pub2</a> |
| CD 015 432               | What are the benefits and harms of ibuprofen for managing pain after an operation in children?                                                                               | 05 /Mar /2024 | Pain, Palliative and Supportive Care            | <a href="https://www.cochrane.org/podcasts/10.1002/14651858.CD015432.pub2">https://www.cochrane.org/podcasts/10.1002/14651858.CD015432.pub2</a> |
| CD 011 381               | What are the benefits and risks of drugs acting on the immune system to treat relapsing-remitting multiple sclerosis ?                                                       | 05 /Mar /2024 | Multiple Sclerosis and Rare Diseases of the CNS | <a href="https://www.cochrane.org/podcasts/10.1002/14651858.CD011381.pub3">https://www.cochrane.org/podcasts/10.1002/14651858.CD011381.pub3</a> |
| CD 008 709               | How effective and safe are single-incision slings for women with urinary incontinence compared with other operations?                                                        | 23 /Feb /2024 | Incontinence                                    | <a href="https://www.cochrane.org/podcasts/10.1002/14651858.CD008709.pub4">https://www.cochrane.org/podcasts/10.1002/14651858.CD008709.pub4</a> |
| CD 013 591               | Smartphone apps for people with overweight or obesity                                                                                                                        | 22 /Feb /2024 | Metabolic and Endocrine Disorders               | <a href="https://www.cochrane.org/podcasts/10.1002/14651858.CD013591.pub2">https://www.cochrane.org/podcasts/10.1002/14651858.CD013591.pub2</a> |
| CD 007 026               | Cerebrolysin for acute ischaemic stroke                                                                                                                                      | 21 /Feb /2024 | Stroke                                          | <a href="https://www.cochrane.org/podcasts/10.1002/14651858.CD007026.pub7">https://www.cochrane.org/podcasts/10.1002/14651858.CD007026.pub7</a> |
| CD 014 461               | Use of red flags to screen for vertebral fractures in people with low back pain                                                                                              | 12 /Feb /2024 | Back and Neck                                   | <a href="https://www.cochrane.org/podcasts/10.1002/14651858.CD014461.pub2">https://www.cochrane.org/podcasts/10.1002/14651858.CD014461.pub2</a> |

|            |                                                                                                                                                              |               |                                             |                                                                                                                                                 |
|------------|--------------------------------------------------------------------------------------------------------------------------------------------------------------|---------------|---------------------------------------------|-------------------------------------------------------------------------------------------------------------------------------------------------|
| CD 013 127 | Mental Health First Aid as a tool for improving mental health and well-being                                                                                 | 02 /Feb /2024 | Common Mental Disorders                     | <a href="https://www.cochrane.org/podcasts/10.1002/14651858.CD013127.pub2">https://www.cochrane.org/podcasts/10.1002/14651858.CD013127.pub2</a> |
| CD 012 729 | Pharmacological treatments in panic disorder in adults: a network meta-analysis                                                                              | 02 /Feb /2024 | Common Mental Disorders                     | <a href="https://www.cochrane.org/podcasts/10.1002/14651858.CD012729.pub3">https://www.cochrane.org/podcasts/10.1002/14651858.CD012729.pub3</a> |
| MR 000 008 | How can response to postal or web questionnaires be increased?                                                                                               | 01 /Feb /2024 | Methodology Review                          | <a href="https://www.cochrane.org/podcasts/10.1002/14651858.MR000008.pub5">https://www.cochrane.org/podcasts/10.1002/14651858.MR000008.pub5</a> |
| CD 005 384 | Early nasal intermittent positive pressure ventilation (NIPPV) versus early nasal continuous positive airway pressure (NCPAP) for preterm infants            | 31 /Jan /2024 | Neonatal                                    | <a href="https://www.cochrane.org/podcasts/10.1002/14651858.CD005384.pub3">https://www.cochrane.org/podcasts/10.1002/14651858.CD005384.pub3</a> |
| CD 003 212 | Nasal intermittent positive pressure ventilation (NIPPV) versus nasal continuous positive airway pressure (NCPAP) for preterm neonates after extubation      | 31 /Jan /2024 | Neonatal                                    | <a href="https://www.cochrane.org/podcasts/10.1002/14651858.CD003212.pub4">https://www.cochrane.org/podcasts/10.1002/14651858.CD003212.pub4</a> |
| CD 001 431 | Patient decision aids to help people who are facing decisions about health treatment or screening                                                            | 29 /Jan /2024 | Consumers and Communication                 | <a href="https://www.cochrane.org/podcasts/10.1002/14651858.CD001431.pub6">https://www.cochrane.org/podcasts/10.1002/14651858.CD001431.pub6</a> |
| CD 011 218 | Interventions to encourage use of seat belts                                                                                                                 | 22 /Jan /2024 | Injuries                                    | <a href="https://www.cochrane.org/podcasts/10.1002/14651858.CD011218.pub2">https://www.cochrane.org/podcasts/10.1002/14651858.CD011218.pub2</a> |
| CD 014 873 | Children with chronic non-cancer pain and their families' experiences and understanding of their condition, pain services and treatments: a meta-ethnography | 15 /Jan /2024 | Pain, Palliative and Supportive Care        | <a href="https://www.cochrane.org/podcasts/10.1002/14651858.CD014873.pub2">https://www.cochrane.org/podcasts/10.1002/14651858.CD014873.pub2</a> |
| CD 010 216 | Can electronic cigarettes help people stop smoking, and do they have any unwanted effects when used for this purpose?                                        | 11 /Jan /2024 | Tobacco Addiction                           | <a href="https://www.cochrane.org/podcasts/10.1002/14651858.CD010216.pub8">https://www.cochrane.org/podcasts/10.1002/14651858.CD010216.pub8</a> |
| CD 013 388 | What are the benefits and risks of cognitive rehabilitation for people with mild-to-moderate dementia?                                                       | 11 /Jan /2024 | Dementia and Cognitive Improvement          | <a href="https://www.cochrane.org/podcasts/10.1002/14651858.CD013388.pub2">https://www.cochrane.org/podcasts/10.1002/14651858.CD013388.pub2</a> |
| CD 014 573 | Oral killed cholera vaccines for preventing cholera                                                                                                          | 10 /Jan /2024 | Infectious Diseases                         | <a href="https://www.cochrane.org/podcasts/10.1002/14651858.CD014573">https://www.cochrane.org/podcasts/10.1002/14651858.CD014573</a>           |
