3. You will be logged in to Phrase (formerly Memsorce).

You will see the list of projects. When you log in for the first time, it will be empty.

If you are trying to access Phrase through the link: <https://cloud.memsorce.com/web/login/auth>, click the “Log in with SSO” button.

Next, enter “cochrane-ss0” as the Company domain and click “Continue” to log in with your Cochrane Account as described above.

Memsource and Phrase, better together!

Go global with Phrase TMS (formerly Memsource)

Phrase TMS is part of our new Phrase Localization Suite.

Phrase—our new complete localization solution—allows you to truly scale your localization projects by bringing together an enterprise-level translation management system, state of the art MT technology, and a dedicated software localization solution in one unified suite.

Better together, Phrase and
Memsource have merged.
